

Sioux County Travel Board
IMPROVEMENT GRANT APPLICATION

PO Box 158 | Harrison, NE 69346 *revised 2023

About the Sioux County Improvement Fund

The Sioux County Visitors Committee, also known as the Travel Board, has the duty of advising the Sioux County Commission on the use of two separate funds, the Visitors Promotion Fund and the Visitors Improvement Fund. The proceeds of a sales tax on motel/hotel/campground lodging in Dawes County provide the money for both funds, which are authorized under the Nebraska Visitors Development Act.

Sioux County began collecting money for the Visitors Improvement Fund on July 1, 2016. Under Nebraska law, the fund is to be used generally to promote and attract visitors to come to the county and use the travel and tourism facilities located here. The fund can be used to improve visitor attractions and facilities, by making grants to expand and improve existing facilities, acquire or expand exhibits for existing attractions, construct visitor attractions, or for planning or developing expansion, improvements or construction.

The grants are available for any attraction in the county owned by the public or any non-profit organization which has a primary purpose of operating the attraction. Visitor attractions must be in a defined location, open to the public, and of educational, cultural, historical, artistic or recreational significance, or provide entertainment, or have exhibits, displays or performances of educational, cultural, historic artistic or entertainment value.

All grants awarded by the Sioux County Travel Board are subject to final approval by the Sioux County Board of Commissioners.

Improvement grant applications will be reviewed in January and funds are allocated based on substantial completion. Applications may be submitted to the Sioux County Clerk in Harrison, by mail to the address below or by email to director@discovernwnebraska.com to be forwarded to the Travel Board.
